

Kate is currently on secondment to the Julian Teaching School Hub, where her remit is ITT and NPQs. A significant part of the role is working to engage schools with ITT provision and placements as well as the wider Teaching School Hub offer. She has delivered training to ITT students and ECTs on a variety of subjects across Norfolk. Having undertaken the NPQLTD herself two years ago she was impressed with the impact the high quality CPD had on her own practice and how she was able to use this learning in her school setting. She currently facilitates across a range of NPQs and is passionate about the power of research driven CPD.

Kate has been Head of Primary / Deputy Head of Litcham School (an all through school) from September 2015. Since 2023 she has been Synergy Multi-Academy Trust's Professional Development Lead. Synergy is a Norfolk based trust which consists of 15 rural and coastal schools. Her focus has been career development and the creation of bespoke training for the staff within the trust, with a particular focus on ECTs and aspirational leaders.
